In light of this, the Responsible Entity may issue an announcement in response to a market speculation or rumour where it is necessary to do so to eliminate the possibility of a false market or contravention of the Listing Rules.

Where a Staff member of the Responsible Entity is approached by the media or any analysts or other external parties with respect to providing any information about URF the general policy to be observed is a "no comments" policy and that Staff member will notify the Head of Operations as soon as possible.

As part of the Responsible Entity's management of investor relations it may conduct briefings with analysts or investors from time to time. However, the Responsible Entity's policy for conducting these briefings will be to ensure that no material price sensitive information is announced prior to it being announced to the market.

To prevent inadvertent disclosure of material price sensitive information, during periods between the end of its reporting periods (30 June and 31 December) and the actual results release, the Responsible Entity will not disclose any financial information, estimates or guidance with institutional investors, individual investors, analysts or the media unless the information being discussed has been previously disclosed to the market through the ASX. No briefing will be held during the pre-results periods.

In addition, a procedure will be in place for the conduct of the briefings which will include that at any briefing, the Head of Operations is present, notes of the briefing must be kept by the Head of Operations and any information to be used at briefings must be approved by the Board prior to the briefing.

Where in the course of a briefing a question is raised that refers to price sensitive information that has not been previously disclosed, Staff must decline to answer the question but take the question on notice and advise the Head of Operations and the Board of the question.

## 11. Responding to analyst reports and forecasts

If a draft report about or financial relating to URF has been sent to the Responsible Entity for comments the report will be reviewed by the Board. The Responsible Entity will not endorse any reports, and will restrict any comments to factual matters and matters which have been previously disclosed to the ASX. The Responsible Entity will not generally comment on analyst or investor forecasts or models or disclose its own earning projections.

## 12. Trading halts

The Responsible Entity in certain circumstances may need to request a trading halt from the ASX. The Chairman in consultation with the Board will make decisions in relation to trading halts and the only personnel authorised to request a trading halt on behalf of URF will be the Chairman and the Head of Operations.

## 13. Contravention of policy

Non-compliance with the continuous disclosure obligations may constitute a breach of the Corporations Act and the Listing Rules. This may result in fines for URF, personal liabilities for Directors and other officers and damage to the Responsible Entity's and URF's reputation.

The Responsible Entity takes continuous disclosure very seriously and will not tolerate any deviation from this policy by any Staff and will take disciplinary action against any Staff where a contravention arises. Disciplinary action may include dismissal.
